

## NPOC

NCSG Executive Committee is conducting Constituency Review, as required by NCSG Charter 2.3.3, to determine if any recommendation should be made to the Board regarding a change in status of any Constituency.

To that end we ask you to answer to the questions below.

**1a) What is the purpose of your constituency, as defined in your bylaws? (Preferably both link to your bylaws in the web as well as copy of the relevant text.)**

- The purpose of the Not-for-Profit Organizations Constituency shall be to represent, specifically, the operational interests of not-for-profit and non-governmental organizations found in section #1.2.1

**1b) Are all your members also members of NCSG (yes/no)?  
(This is just formal confirmation that you fulfill the requirement in NCSG Charter.)**

- Yes, all NPOC members are also members of NCSG. The process requires the applicant to complete an NCSG form to become a member, then choose a Constituency, NPOC, if it's an organization

**1c) What is the common interest or background of your membership and the focus of your group?**

- Organizations who have a registered domain name with an operational website

**2) Do you have a publicly dynamic, publicly (world-readably) archived mailing lists and where their archives can be found (URL)? Please provide a brief description of the list(s), in particular if they are used for actual decision-making or only discussion.**

If you have other, non-public fora that are used for decision-making or significant discussions within your constituency, please describe them as well.

- Yes, emailing list is used to discuss all ICANN issues related and it is a space for decision-making. The URL list is: <https://mm.icann.org/mailman/listinfo/npoc-discuss>

**3) Do you participate actively in relevant NCSG and GNSO PDP Working Groups or Work Teams?**

Please provide as complete as possible list of such groups or teams and names of your people who've participated in them over the years 2015 and 2016, noting also any who've been Chairs or Co-Chairs.

Yes, over the past five years, many members have participated in a number of working groups, PDPs and other committee work:

**4a) Have you participated actively in submitting comments and other policy statements to the NCSG and GNSO?**

Yes, Current Review going on his CCT RT for NCSG

**b) Please provide as complete list as possible of such comments and statements you've made during 2015-2016, with links to where they've been published.**

at this time we are unable to gather the comments, however, NPOC will commit to keeping a record of such policy statements in the future.

**c) Please also describe the process your constituency uses to make and agree on public comments: How is it done? If any non-members participate, how is that handled?**

This year we taken part in reviews, the current review we are involved in is the CCT RT for NCSG. The review process for NPOC is as follows:

- i) a member takes a lead for the review and post it to the NPOC Excom and NPOC Discuss List;
- ii) shares it with NSCG PC and NCSG Discuss list for further comments, additions,. Deletions;
- ii) NPOC Excom agree on a final text;
- iv) sends final texts/comments to NCSG for consensus; and
- v) Submit comments

**5) Do you have a list of your current membership publicly visible in the web? If so, where (URL)?**

<http://www.npoc.org/about/members/>

**Do you have at least 10 participants who've signed up to an updated SOI?**

If your public member list does not have links to SOIs, please provide a list (links to SOIs) of at least 10 of your members.

Yes, SOIs are updated for at least 10 participants

<http://www.npoc.org/governance/current-leadership/> See bottom of the page

For all questions: If you have plans or projects in progress that may affect your situation in the future, including but not limited to changes in your bylaws, please describe them.

- 1) Currently reviewing the Charter
- 2) Developing strategies and plans to encourage online participation in NPOC through Trello
- 3) Redesigning and branding promotional literature
- 4) Creating a more robust outreach and engagement plan: Examples: Eurodig, encouraging regional participation

Please reply to me by 15 May, 2017, even if you can't come up with complete answers to all questions by that time. We will to ask for more details and clarifications as needed and engage you in discussion about possible problems, and welcome any questions or concerns you may have about this before answering.

The intent is to complete the review by ICANN59 meeting in Johannesburg, but we may take longer if needed
