RE: Outcomes of the Generic Names Supporting Organization (GNSO) Non-Contracted Parties House (NCPH) ICANN81 Day Zero Workshop

Dear Mason and Julf,

Thank you for your [recent letter](#) about the outcomes of the GNSO NCPH ICANN81 Day Zero Workshop. I am glad the NCPH made progress in enhancing its communications and operations, especially with regard to future appointments of ICANN Board seat 14. As you note, collaboration is critical: ICANN must advance important discussions on priority topics such as improving policy development, mitigating Domain Name System abuse, and tracking regulatory developments worldwide. I am also heartened by your commitment to promoting a safe and healthy environment in the ICANN community.

Please continue to work closely with Kurtis Lindqvist, Russ Weinstein, and your support team. The Board looks forward to growing its partnership with the GNSO NCPH.

Sincerely,

Tripti Sinha
Chair, ICANN Board of Directors

CC: Rafik Dammak, GNSO Noncommercial Stakeholder Group Chair, 2025–2026
Paul McGrady, ICANN Nominating Committee Appointee to the GNSO Council, NCPH
Kurtis Lindqvist, ICANN President and CEO
Russ Weinstein, ICANN Senior Vice President, Policy Development Support
